INFLATABLE TENTS – SHAPES X1, X2, U, V, N, SPIDER, JURTA

Products manufactured in a pneumatic design: airtight inner layer – TPU bladder and a 600D polyester technical fabric surface with sublimation printing. Mobility, flexibility, and quick handling guaranteed, the tent is inflated in 5-10 minutes and can last 30 days without reinflation. Dismantling in 10 minutes.

Pneumatic tents are supplied with a complete set of accessories, with custom printing and colors – no additional costs are added to the prices below, except for shipping.

THE LISTED PRICE INCLUDES A COMPLETE PRODUCT WITH ACCESSORIES:

- tent structure - in a color of your choice
- **3 removable side walls with single-sided sublimation printing**
- blower for inflating the tent - 680 W input (220V) + manual pump
- transport case on wheels + complete anchoring accessories
- front door for closing the entrance to the tent in the basic color
- production time 15 working days
- warranty, service, manuals

ABOUT US...

PREMIUM OUTDOOR ADVERTISING TO TAKE YOUR BUSINESS FORWARD!

We supply and custom-make inflatable attractions and advertising made from DIN certified materials that fully comply with the EN-14960 safety standard mandatory for all commercially operated attractions - within 15 working days.

- **WOW effect:** We create inflatable advertising that impresses and captures attention, 3D eye-catchers that are original advertising and a business card that will highlight and differentiate you.
- **PREMIUM MATERIALS:** Durable and resistant materials for a long life of your inflatable advertising. Double stitching of stress joints, reinforcements of support points, reliable anchoring elements, complete accessories or interchangeable advertising surfaces are our standard. Although inflatable advertising is a profitable investment in business, everyone wants to get what they paid for. Why risk it with cheap solutions that reduce the quality of materials and workmanship?
- **ACCESSORIES:** An important part and a matter of course for us is digital printing of advertising, processing of 3D visualization and delivery of a complete advertisement including operating accessories. No hidden surcharges.
- **EXPERIENCE AND REFERENCES** are a significant indicator when choosing a supplier of inflatable advertising. Our company team consists of experts in production, design and technical review, and some of our employees have almost 30 years of experience in this industry. Over the years, we have cooperated with countless companies, from small entrepreneurs to large companies, brands, event and advertising agencies, shopping centers, political movements, cities, municipalities and civic associations. Based on this experience, we know what is needed when designing and manufacturing inflatable advertising that will be durable and successfully serve our customers. We can also advise you and answer practical questions.
- **SERVICE, CONSULTATION AND MAINTENANCE**, related service and maintenance of inflatable advertising is equally important service that is linked to the sale of advertising eye-catcher. Our advertising is not only easy to handle but also low-maintenance. By purchasing our advertising, in addition to the warranty and guarantee of functionality, you get free warranty service, advice and after-sales service. Our service department, workshop or service technician is available within 24 hours upon agreement. We only repair REATEK® inflatables. We do not repair products from other, low-quality manufacturers.
